

NATIONAL TRANSPORT AUTHORITY

COMMUNIQUÉ

Lease on Motor Vehicle

Motor Vehicle Dealers are kindly informed that amendments have been brought to the NTA system in order to cater for different types of leases operated by Leasing agencies.

In view of the above, any transaction should henceforth be accurately specified as is either an “operating lease” or a “financial lease” by Motor Vehicle Dealers, failing which this may cause unnecessary delays in processing a transaction at the NTA.

The NTA relies on the usual cooperation of the public.
