

# BUS SERVICE INFORMATION

## BUS SERVICE DETAILS – ROUTES AND TIMETABLES

### 1. Frequency of Bus Services

In an endeavour to provide quality customer service information, scheduled frequencies of all services are included in this guide. The information will help you to estimate the waiting time for buses.

Scheduled frequencies are the intervals at which buses leave the interchange or terminal. The frequencies printed in the guide are the average weekday frequencies for both directions at different times of the day. As the scheduled frequencies are averaged over periods of time, there may be minor differences from the frequencies printed.

The guide also provides frequencies for Saturdays, Sundays and Public Holidays which are obviously different to those of the weekdays.

While the bus operators make every effort to ensure timely release of buses and adherence of schedules by their drivers, operated frequencies can deviate due to factors beyond their control such as traffic conditions, road works, accidents, bus breakdowns, inclement weather and customer loading. Although any of these factors will lengthen the waiting time, bus operators must aim at achieving 75% schedule adherence most of the time.

Scheduled frequencies are reviewed constantly and adjustments are made when necessary taking into consideration traffic conditions and customers demand.

#### 4. (a) Fares

Fares are charged according to the number of fare stages travelled (distance-related fare). Each fare stage is about 1.6 km. These fare stages coincide with specific bus stops on each route and are of yellow colour.

The fares payable by a passenger are as follows:

<b>Stage</b>	<b>Adult</b>	<b>Child</b>	<b>Student</b>
1	6.00	3.00	6.00
2	10.00	7.00	8.00
3 – 4	14.00	8.00	9.00
5 – 6	16.00	8.00	9.00

21 – 30	22.00	10.00	11.00
30+	23.00	11.00	11.00

### (c) Concessionary Fares

Fares on a concession basis are allowed to the following categories of passengers:

- (a) Students
- (b) Children
- (c) Pensioner/disabled

A student is defined as a person who is registered as a full-time student at any primary, secondary, post-secondary or tertiary institution approved by the Ministry of Education and Human Resources and is following a full-time course of a duration not less than 9 months at a secondary or tertiary institution or 6 months at a post-secondary institution

Students are normally issued with Student Identity Cards.

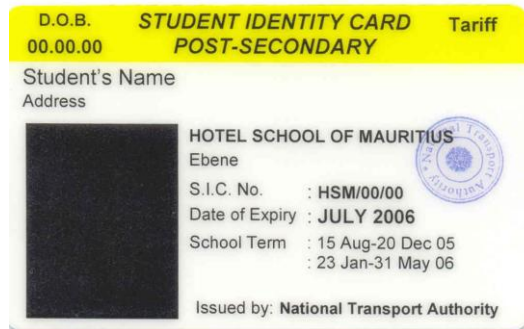

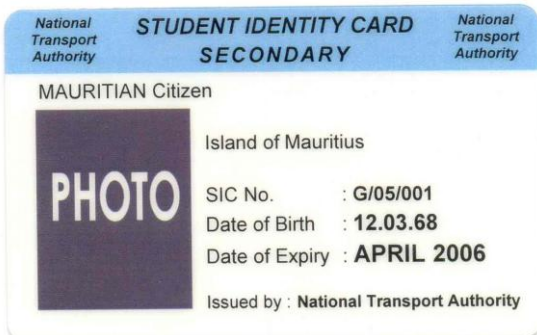

A person under the age of 13 is considered to be a child.

No fare is claimed in respect of a child under the age of 3 who does not occupy a seat.

Every pensioner or disabled person holding an identity card issued by the Ministry of Social Security is authorised to travel free of charge as from 15 August 2005.

### (d) Student Identity Cards

A new type of student identity card was introduced in 2005. The cards are as follows:
